

KOMAIL JAFFAR AL SENAN

ARCHITECTURAL BIM MODELER | BIM SPECIALIST

+966 55 850 0199 | senankomail@gmail.com

Portfolio: komail-alsenan.github.io/portfolio | LinkedIn: linkedin.com/in/komail-al-senan

PROFESSIONAL SUMMARY

Architectural BIM Modeler and BIM Specialist with hands-on experience in Autodesk Revit, multidisciplinary coordination, technical documentation, model QA/QC, and project delivery. Currently working with Gulf Consult Architects & Engineers since April 2024, supporting architectural BIM workflows across Qiddiya, Red Sea Turtle Bay Village, NEOM, NUPCO, ZAIN / SCITRA Industries, and Nesma projects. Experienced across LOD 100–500 deliverables, including design development, IFC, shop drawings, and as-built documentation.

CORE COMPETENCIES

BIM Delivery: Architectural BIM Modeling • Autodesk Revit • Multidisciplinary Coordination • Clash Detection • Model QA/QC • LOD 100–500 • IFC • Shop Drawings • As-Built

Documentation: 2D/3D Drawings • Detailing • Schedules • Quantities • Model Data • Technical Documentation

Digital Delivery & Coordination: Navisworks Manage • Clash Detection • Dynamo • Revizto • Autodesk Construction Cloud • 4D Planning • ISO 19650 Information Management

PROFESSIONAL EXPERIENCE

GULF CONSULT ARCHITECTS & ENGINEERS — BIM Modeler | Apr 2024 – Present | Al Khobar, Saudi Arabia

- Develop and maintain architectural BIM models in Autodesk Revit, supporting coordinated project delivery from early design through IFC, shop-drawing, and as-built stages.
- Produce model-derived 2D/3D construction drawings, technical details, schedules, quantities, and documentation aligned with project requirements and BIM standards.
- Prepare and update BIM deliverables across LOD 100, LOD 300 (Detail Design / IFC), LOD 400 (Shop Drawings), and LOD 500 (As-Built).
- Coordinate architectural information with multidisciplinary teams, identify clashes and design conflicts, and perform model QA/QC checks to improve delivery readiness.
- Support BIM delivery for industrial, hospitality, accommodation, parking, and multi-building developments, contributing to consistent model and drawing outputs.

FOUAD AHMAD ENGINEERING CONSULTANT — Architectural Draftsman Trainee | May 2023 – Aug 2023 | Dammam, Saudi Arabia

- Supported architectural drafting, Revit-based BIM modeling, detailing, and technical documentation for design deliverables.
- Assisted with drawing preparation, architectural information coordination, and documentation updates in line with project requirements.

SAUDI ARAMCO — Cooperative Trainee | Jun 2022 – Aug 2022 | Dhahran, Saudi Arabia

- Completed the Vocational College Internship / COOP Training Program with the Office Planning, Design, and Project Division.
- Participated in office planning, design, and project activities during the 2022 Vocational College Internship Program (VCIP).

EDUCATION

Diploma in Architectural Construction — Technical and Vocational Training Corporation (TVTC), Dammam, Saudi Arabia | Sep 2020 – Aug 2022 | **GPA: 4.93/5**

SELECTED BIM PROJECT EXPERIENCE

QIDDIYA — Construction Workers Village / Worker Camps 1–4 and 5–8 — BIM Modeler & Detailer

- Produced architectural BIM modeling and technical documentation for the Qiddiya Construction Workers Village, including Worker Camps 1–4 and 5–8. Focus: Revit • BIM Modeling • Detailing • Documentation

RED SEA TURTLE BAY VILLAGE — BIM Modeler & Detailer

- Produced BIM models and technical documentation for Red Sea Turtle Bay Village, supporting coordinated architectural delivery. Focus: Revit • Multidisciplinary Coordination • Technical Documentation

NEOM — Pioneer Expansion Camp / Mountain Village — BIM Modeler & Detailer

- Produced multi-building BIM models and drawing documentation for NEOM facilities including the Dining Facility, Sports Center / Indoor Sports Facility, and Professional Village. Focus: Revit • Multi-Building BIM • Coordination • Drawing Production

NUPCO ASIR MEDICINE FACTORY — BIM Modeler & Detailer

- Supported multi-building BIM delivery for NUPCO Asir Medicine Factory, including warehouse-related modeling and drawing documentation. **Focus:** Revit • BIM Packages • Drawings • Model Data

ZAIN / SCITRA INDUSTRIES — Jubail — BIM Modeler & Detailer

- Produced industrial BIM modeling and documentation for Warehouse and HCL Tank Farm buildings in Jubail. **Focus:** Industrial BIM • Revit • Coordination • Documentation

NESMA CAR PARKING BUILDING — BIM Modeler & Detailer

- Produced architectural modeling, detailing, and technical documentation for a multi-level car parking building. **Focus:** Architecture • Revit • Detailing • Documentation

ADDITIONAL PORTFOLIO WORK

Health Gym — Portfolio Project

- Architectural and interior design studies for a health club project, including layout development, material studies, and visual presentation. **Focus:** Architecture • Interior Design

Residential Villas 1–4 — Portfolio Projects

- Residential villa design studies covering plans, elevations, and presentation work. **Focus:** Residential Architecture • Design Documentation

Interior Design Studies — Portfolio Work

- Interior spaces developed through layout planning, material studies, and visual presentation. **Focus:** Interior Design • Space Planning • Presentation

PROJECT DELIVERY CAPABILITIES

Modeling: Accurate architectural 3D BIM models, model organization, and model updates across design stages

Coordination: Interdisciplinary data exchange, clash identification, Navisworks-based coordination, and repeatable BIM checks

Documentation: Construction drawings, annotations, schedules, quantities, technical details, and model-derived 2D/3D deliverables

Quality: BIM standards, model QA/QC, drawing consistency, and delivery readiness across LOD 100–500

SELECTED PROFESSIONAL CERTIFICATIONS

- Revit BIM Manager — Autodesk Training Center
- Revit Architectural BIM Specialist — Autodesk Training Center
- Navisworks BIM Coordinator — Autodesk Training Center
- Autodesk Construction Cloud — Autodesk Training Center
- Revit Architectural BIM Engineer — Autodesk Training Center
- Level 3: Elite Expert Course — Revizto
- ISO & Information Management — Saudi Council of Engineers
- Saudi Building Code SBC 201 — Saudi Council of Engineers
- BIM Management: Revit Model Maintenance — LinkedIn Learning

Full certificate library: <https://komail-alsenan.github.io/portfolio/certificates.html>

SELECTED TRAINING COURSES

- Level 1 Collaboration Essentials — Revizto Academy (May 2025)
- Introduction to ISO 50001 — Saudi Council of Engineers (May 2025)
- Saudi Building Code SBC 201 — Saudi Council of Engineers (Jan 2025)
- Revit MEP Professional — CAD Masters (Nov 2024)

SOFTWARE & BIM TOOLKIT

BIM / Coordination: Autodesk Revit • Navisworks Manage • Dynamo • Revizto • Autodesk Construction Cloud • AutoCAD

Visualization / Design: Twinmotion • SketchUp • 3ds Max • V-Ray • Photoshop

Engineering / FM: MicroStation • Archibus

Productivity: Microsoft Word • Excel • PowerPoint • OneNote
